MISSION OF THE **CONFIDENTIAL**

00 JAN 1952

25X1  
1. General. To provide training and psychological assessment for the Office of Special Operations and the Office of Policy Coordination in order to qualify staff personnel in the planning, organization, conduct and administration of their activities both in the field and in headquarters and to assist in training agent personnel for their specific assignments.

2. Specifically, the Training Division will:

a. Ascertain the training requirements of OSO and OPC.

Organize, supervise and administer adequate programs, staffs and facilities within the United States to fulfill the training and psychological assessment requirements of OSO and OPC. Included in this requirement are:

- (1) Training of OSO and OPC staff personnel.
- (2) Training of OSO and OPC agent personnel.
- (3) Training of OSO and OPC foreign national agent personnel in the United States.
- (4) Psychological assessment for OSO and OPC as required.

b. Provide assistance and technical staff supervision to training conducted in overseas areas.

c. Insure that the training of each individual is consistent with the cover and security of his proposed assignment as established by the division to which he is assigned.

d. Arrange and schedule with outside government and private agencies such other training as may be required.

e. Arrange lectures and provide lecturers for other U. S. government activities as required.

f. Provide training evaluations of student personnel for assistance to their sponsoring branches in determining assignments.

g. Conduct such liaison within OSO, OPC and the remainder of CIA, and, in compliance with existing directives, with other outside agencies as may be required to provide a fully coordinated training program.

h. Conduct applied research on training content and method.
